

ESSAY QUESTIONS

1. Who you are.

What do you see as your best and worst personal qualities? How would you utilize your best qualities in this education, and how would you compensate for your worst qualities? Please elaborate by providing one clear example of the qualities you mention, demonstrating a real life problem that you were part of solving.

(In the assessment applicants are anonymous for the reviewer so please don't include information revealing your identity)

2. Where you are heading.

Please describe what your goal is with this education and what plans you have for the future? Allowing yourself to dream, where will you be in maybe 5 or 10 years? How does this correspond to prior choices you have made concerning education? How will this education help you to accomplish your plans for the future?

(If you apply to more than one track, please take that into consideration when elaborating your answer.)

3. How you interact with others.

Please describe what role you usually take in a group, and why? How do you think others perceive you? Use concrete examples and describe what you have learnt from your experiences of team work. Examples of special interest are when you created something in an environment that was new for you and with persons having different competence than you.

4. Factors and events that have made you the person you are today.

Looking back at your life so far, why do you think you are where you are today? What factors and persons have influenced you? Are there examples of challenges/hardships that became defining moments for you?

5. Pick one of the following two topics

- a. How you would like to make an impact.
- b. How you create value for others.
